Meg's tentative topic title is "Transportation-Related Impacts and Implications," but I've asked her for help with it (see attached).

I've assumed you won't have slides but please correct me if I'm wrong.

How are you listing Meg's remarks?

Hi Karl,

I wanted to confirm your participation in NACAA's "SAFE" Rule call this Wednesday, April 22, from 3:30-5:00 PM Eastern.

I'll list you on the agenda with the topic of "SIP and Attainment/Maintenance Implications" unless you want to suggest a different topic name.

How much time should I allocate for your remarks? I understand there's not much to say but at least the members will know what they're hearing is all there is to know at this point.

Thanks,
 -Nancy
